Where can I do my OJT?

Any salon/spa currently registered and in good standing with the Cosmetology Association of Nova Scotia ("CANS") may apply to accept a cosmetology program participant for OJT in their establishment provided they are willing to complete the training evaluation forms attached and have a master cosmetologist (or specific license holder with a minimum 5 years experience in the industry) who is willing to supervise and positively encourage the skill and ability of the OJT participant during the program.

Salon/Spa Owners: please return the following pages to the appropriate school of cosmetology and cosmetology instructor(s) in a sealed envelope.

What is the purpose of the OJT experience?

The purpose of the OJT experience is to expose the OJT participant to the “real world” working salon/spa environment. The goal is for the participant to experience and practice first hand the comprehensive skills required to become a successful cosmetologist in today’s competitive work force and to familiarize themselves with the expectations of a salon/spa owner/manager.

Salons/spas who participate in the OJT experience will have the opportunity to provide unbiased feedback in relation to the OJT participant and in the experience as a whole, on the evaluation forms (attached). This feedback should be constructive in nature in order to better prepare the OJT participant for a successful career in cosmetology.
