12:45 – 1:00	Setup
1:00 – 2:30	Model
2:30 – 2:45	Break
3:00 – 4:30	Model

Eyebrow lamination is a semi-permanent procedure that helps shape and smooth eyebrow hairs, giving them a fuller, more defined look. It's perfect for those with unruly or sparse brows, offering a sleek and polished finish that can last for weeks. This technique enhances the appearance of thicker, well-defined brows and helps tame any stray or uneven hairs.
