Science create beauty

Ashley Durbano (English Instructor)

Ashley Durbano is a National Training Director for Continental Cosmetics. She has spent the last few years traveling the country training estheticians, by sharing her knowledge and love and passion for the beauty industry all while helping to grow the education department of the company. Ashley has been in the beauty industry for over 15 years. Her career has taken her all over the country and into the USA working as an esthetician and makeup artist, as well as training, teaching, educating, opening spas and franchises.

Alex Ayotte (French Instructor)

Alex is a bilingual account manager and trainer for continental cosmetics. She has been in the aesthetic field for the last 15 years. Alex's career in the industry started working in a prestigious hotel spa learning the in's and outs of the industry. Her roll there quickly rose as did her skills and care for her clients. She moved on to opening her own business and educating before landing her roll at continental. Alex's passion is customer service and education. She excels at helping to set up and open new spas, making sure her customers have all the right tools and products and education to be as successful as they can be.

Course Description:

Many estheticians and clients these days are results driven when it comes to their facial services and skin care routines. The best way to achieve these results are to introduce the best naturally sourced ingredients from around the world combined with scientific advancements. In this class you will be introduced to Skeyndor. A skin care line from Spain that has been around for over 50 years and can be found in some of the most prestigious spas and Medi spas around the world. Whose very fundamentals are Science Creates Beauty. You will learn all this remarkable line has to offer and how it can benefit you and your clients and help to boost your bottom line.
