

Class: Dermaplaning

Nicole Neve

With effervescent personality Nicole Neve has been an educator for EuroBeauty since 2015, passing on her knowledge and passion for the ever-changing esthetics industry. Her ability to transfer in-depth and detailed principles to professionals throughout the years has been an asset to those who've had the privilege of participating in education sessions she is leading. As a part of the beauty industry since 2002 and as a licenced esthetician since 2010, Nikki is the quintessential definition of "Knowledge is Power," continuously up-dating her own knowledge base to better serve her clientele in her wildly successful mobile esthetics business and in her career of educating peers. "I feel the backbone of our success as estheticians is to keep our skill set and knowledge in a constant state of evolution and improvement." Nicole is the inhouse educator for the critically acclaimed Hydropeptide professional skincare line as a skin care specialist, teaching the technical skills of Brazilian Hard Waxing, and Dermaplaning as well as teaching and developing the Advanced Theoretical Skin Care principles curriculum too!

Class Description:

This advanced professional skin care treatment has been taking over the industry. It's superior controlled exfoliation technique reveals smooth, beautiful skin.
