### **Class #1 – Student Retention for Schools**

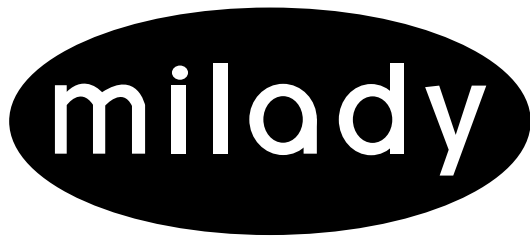

This program covers the various principles of managing learner behaviour and chronic misconduct. Participants will learn low to high profile control techniques, identify chronic and situational barriers to learning, understand principles of academic advisement and review the four enemies of conflict management in relationship building. Seven chronic learner behaviours will be dealt with in detail.

### **Class #2 – Mission Possible: Light the Fuse**

Motivation is defined as the reason one has for acting or behaving in a certain way. It is an internal choice that a person must make. As an educator, is there anything you can do to motivate your students? YOU BETTER BELIEVE IT! You see, students are a lot like fireworks; their power is all on the inside. Nothing happens until you light the fuse. Your mission is to light that fuse! Are you ready to accept the mission of motivation and light the fuse?

***Important: Milady two (2) day course can be used towards your required annual instructors upgrade.***

***Mondays Milady class will also have a 1-hour Mindtap demo with Lindsay Shipman.***
