

Class: Refectocil Eyelash Lift - One Day Certification

Kira Young

Kira Young has been in the esthetics industry on the East Coast of Canada for over 10 years, working as a Master Esthetician in some of the most prestigious day spas in Halifax, Nova Scotia. As the Director of Education at EuroBeauty, Kira gets to combine her two loves, education and the esthetics industry. With a background in the sciences, Kira has always been deeply interested in product chemistry and the way it affects the skin. Her self-proclaimed “geekiness,” for all things SPA excites and radiates from her. This unique quality is demonstrated in the way she teaches and works with her peers; encouraging others to embrace their individuality and experiences and share that enthusiasm with spa clients. She is so grateful to be involved day-to-

day with spa teams across Atlantic Canada. “It is an absolute privilege to teach others and to create relationships that go beyond the classroom.” Kira has set out to positively add to and perpetuate the spa industry by empowering others to continually grow and expand their knowledge base and skills.

Class Description:

Eyelash lift by Refectocil uses the fastest formulations and service times in the industry to keep eyelashes lifted for 6 – 8 weeks. Make the most of natural lashes with easy to use silicone forms available in 5 different sizes.

In this class you will learn how to effectively create a beautiful lifted set of eyelashes for your clients. Add on services, including use of the Refectocil lash tinting will be covered as well. Clean practice and business building initiatives will be considered, making the introduction of your lash lift service profitable for your business.

Class Registration Information:
