

Gabrielle Van Haaren

Hi! My name is Gabrielle, and I am thrilled to be a part of the Cosmetology Associations Board of Directors! Before aesthetics, I was immersed in the dental world having thrived as a dental assistant and office manager for many years. As I transitioned into the aesthetics community, I continued to bring a passionate and professional demeanour to my spa and clients, knowing that client care quality and safety is the most important aspect of my business.

I am a graduate of the Canadian Beauty College in Toronto, where I studied aesthetics and laser technology. I continued my education by getting involved in microdermabrasion, chemical peels, dermaplaning, manicures, pedicures, lash lift & tint, and sugaring. I am also a Dermalogica Specialist, and am working towards becoming an Expert, which will help me to continue to improve the service I provide my clients. Outside of work, I have a very wide range of hobbies, that include travelling, camping, biking, and hiking. I live a healthy lifestyle full of activity and nutritious eating.

I look forward to being there for our aesthetic community, listening to the needs of our members, and ensuring that every voice is heard and valued.
