

Kerry Constable Bio

As the daughter of a Hairstylist, I have had the unique perspective and privilege of growing up my entire life in and around the Beauty Industry. My education in the industry started at an early age. Conversations about business and the hair industry was a staple at home and around the dinner table.

Having always had a passion for all things artistic lead me into going to school and training in Hairdressing, Aesthetics, Nail Technology and Make up over the years. I believe that this has helped shape me as a Cosmetologist and given me a truly unique perspective on the industry as a whole.

Recently a Newcomer to Nova Scotia, I feel blessed to have landed into such a vibrant and amazing beauty industry community.

Coming originally from Vancouver, B.C. where I was an active member of the Vancouver Cosmetology Industry for over twenty-five years, the last fifteen of those years spending most of my time in education working for London School of Hairdressing as an educator, as well as three of those last years in Vancouver serving on the Beauty Council, as an Elected Board Member.

While in Vancouver, I was a very active member of our Cosmetologist Community, founding various industry events like Vancouver's Battle of the Barbers which helped raise over \$20,000 dollars for local charity (Canucks Autism Network), as well as working in fashion shows, photoshoots, presentations in stage and television.

Since arriving in Halifax, I have had the privilege of being part of the team of educators at Hair Design Centre in Halifax.

Being an active part of a community is very important to me. I have a great love for this industry and enjoy nothing more than helping facilitate bringing people in our industry together through education, events and social functions.

The Nova Scotia Beauty Industry has been nothing but kind to me since moving here, I would like nothing more than to have to opportunity to give back in any way I can and continue to be part of it.
