

### Tammy Ferguson – Master stylist and Instructor

With over 34 years experience in the beauty industry, I have dedicated my career to mastering the art of hairstyling and educating the next generation of stylists. As a Master Stylist and Instructor, I have found immense joy and fulfillment in my work, and I couldn't imagine doing anything else. My journey has been mostly entrepreneurial, as I have been self-employed for much of my career. One of my goals is to open a private career college where I can teach hairstyling and inspire future professionals. I am actively working towards making this vision a reality in the future.

One of my greatest strengths is my positive attitude, which has been key to my success in this ever-evolving industry. I am passionate about staying current with trends and techniques, ensuring I continue delivering top-tier service and education. I also love brainstorming innovative ideas and pride myself on being a solution-oriented individual, always looking for ways to improve and elevate the profession.

I am eager to bring this same passion, creativity, and expertise to the board, should I be elected. Serving as a provincial examiner for the last 3 years has been one of the most rewarding goals of my career, as it has allowed me to play an important role in shaping the profession by overseeing the certification process for aspiring stylists. I look forward to being part of positive changes within the board, advocating for the best interest of both members in the broader beauty industry. I also see this as a valuable opportunity to continue learning, while sharing my knowledge and experience with others.

In my personal time, I enjoy cooking and spending quality time with my family. I am excited for the chance to contribute to the future of the beauty industry, and I would be honored to have your support.
